

Correction in Rubycon'Catalog 2011.

Rubycon Corporation

Please find the correction points in Rubycon' Catalog 2011 as described below and we appreciate for your kind attention in case of its use, which we must apologize for your inconvenience. On the other hand, the catalog on our website is all corrected.

1) YXJ series

Correction point: YXJ Series STANDARD SIZE

Right			Wrong		
Rated Voltage (V·DC)	Rated capacitance (μF)	Size φD×L(mm)	Rated Voltage (V·DC)	Rated capacitance (μF)	Size φD×L(mm)
100 (2A)	330	16× <u>25</u>	100 (2A)	330	16×20

2) Film capacitors

Drawings of "OUTLINE" for each series are missed out from SERIES SPECIFICATIONS. Please refer to below drawing or Product catalog on our website, when you choose an item.

Explanation for Dimensions of film capacitor

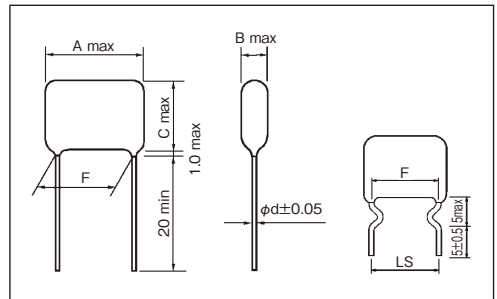

Articles shown in STANDARD SIZE in all film capacitors catalog represent as below.

Dimension (mm)					
A	B	C	F	LS±0.5	d

A: width B: thickness
 C: height F: lead pitch
 LS: forming pitch
 d: lead wire dia

*For more details, please refer to the drawing right-hand.
