

Conformance with RoHS Directives
FILM CAPACITORS

Type	RoHS Compliance	Rohs substances									Identification for RoHS compliance parts	MSL(IPC/JEDEC J-STD-020C)	
		Lead				Cadmium	Mercury	Chromium (VI)	PBB	PBDE			
		Internal electrode	Terminal plating	Terminal material	Resistance to soldering heat								
					Solderability								
					Whisker								
Metalized Type	Complied	Changed to Lead-free metal spray	Change to Sn	Fe/Cu/Sn or Cu/Sn	No change	Not contain	Not contain	Not contain	Not contain	Not contain	Add "RohS Compliance" marking on inner and outer carton labe	Not applicable No need dry package	
					No change								
					Not observed								
Foil Type	Complied	Aluminum foil	Change to Sn	Fe/Cu/Sn	No change	Not contain	Not contain	Not contain	Not contain	Not contain	Add "RohS Compliance" marking on inner and outer carton labe	Not applicable No need dry package	
					No change								
					Not observed
