Dear valued customer:

Product Change Notice (“PC – CON” Marking Design Change)

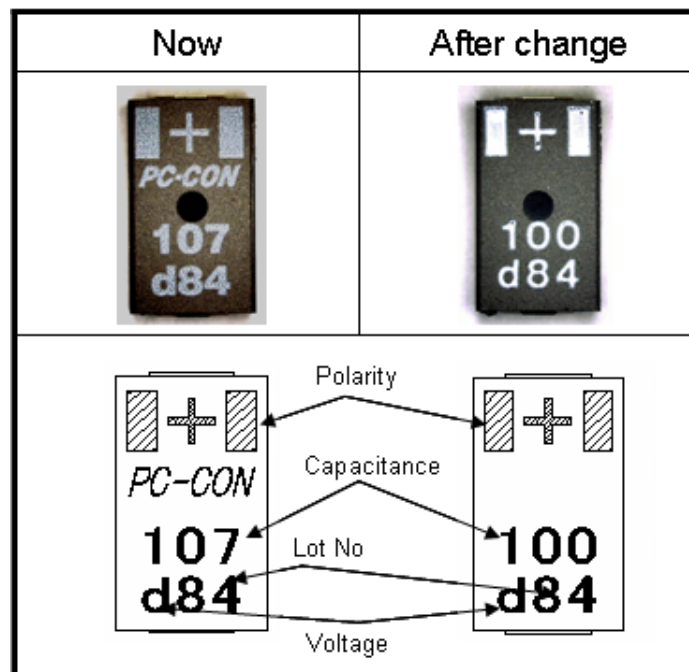

We thank you very much for your patronage for Rubycon Corporation and our conductive polymer aluminum solid electrolytic capacitors “Brand name: PC-CON”.

In consideration with strengthening our PC-CON product line-up, we are pleased to inform you that we will implement the product change notice (PCN) regarding the marking design of the PC-CON products in detail.

1. Product Change Points:

- Deleting the marking of the brand Name “PC-CON” from the each product.
- Changing the description in Capacitance (“pF“ → “μF”)

*** Please note that any other descriptions in “polarity”, “rated voltage” and “lot numbering” are not changed from the present marking design.**

Product Change Notice (“PC – CON” Marking Design Change) – Continued

2. Implementation Schedule:

In principle, we plan to implement these changes **on the running-switch basis** accordingly.

Should you have any corporate policy or rule to your supplier concerning the product change, we would appreciate it if you can ask us to follow and take the procedures to do so.

At last, should you have any inquiry, questions or concerns related to this change notice, please do not hesitate to contact us at any time.

Thank you very much for your understanding and cooperation in advance.

Sincerely yours,

T. Matsuzawa.

Taketo Matsuzawa
Engineering Division Assistant Manger
